

About Us

Who we are

Labco Marine is a maritime services and ship-management company based in Limassol, Cyprus. Established in 2007, the company works with owners, charterers and terminal partners internationally.

Our activities cover commercial and technical maritime services, including vessel chartering, tanker brokerage, liquid bulk transport, marine fuel and bunkering solutions, and vessel management.

Our services also include port services, ship agency, freight forwarding and customs clearance, supporting maritime operations across international shipping and storage hubs.

From our Limassol office, we welcome enquiries about chartering, transport and maritime support requirements.

What we do

Chartering & transport — Vessel chartering and tanker brokerage. Oil product and liquid bulk transport.

Marine fuel & storage — Marine fuel and bunkering solutions. Tank storage through terminal partners.

Technical & port services — Technical and fleet management, port services and ship agency.

Our partnerships

Working with owners, charterers and terminal partners internationally. Terminal partner locations are not owned by Labco Marine.

Our story

2007 — Labco Marine established in Limassol, Cyprus.
